Students of the Month

One of the most popular features of the Trailblazer, University Newspaper, has been the STUDENT OF THE MONTH column.

These students were chosen for outstanding qualities of scholarship, character, personality, and any other admirable traits which they might possess. This year we have had a cross section of the typical students of the campus. The write-ups were written by friends of the Students of the Month who knew them well.

The staff has never regretted its choices for Student of the Month, except that there was not room enough to feature more.

Board of Trustees

The University's Board of Trustees are among the leading citizens of the greater Vincennes area. They are deeply dedicated to the cause of higher education and its contribution to the community.

HISTORY OF VINCENNES UNIVERSITY

After George Rogers Clark captured the Indiana Territory, our forefathers, with prophetic vision and foresight, laid the foundation for a great system of popular education. In compliance with the spirit of the Ordinance of 1787 Congress, on March 26, 1804, passed an act providing that each of the land districts should have a township of land set apart for the use of a "seminary of learning." On October 10, 1806, the secretary of the treasury designated township two (Patoka Township) in Gibson County, Indiana territory, for the use of the institution which was to be established in the Vincennes district.

The location of the first building was where the Saint Rose Academy now stands. This building was sold on October 24, 1839, and a building on the lot where the present post office stands was bought. This locatoin and building served as Vincennes University until 1870.

In 1855 bonds were issued by the legislature of Indiana to the University for a new building which was built in 1870 on the present site at 5th and Busseron Streets. This is the present main building of the university.

This will probably be the last full year at the present location. Plans are under way to start the new university on the new campus out by Harrison Park as soon as possible.

Vincennes University, the oldest in Indiana, has had many a struggle to survive, but as Daniel Webster once said of Dartmouth may be said of V.U.: "She is a small college, sir, but there are those who love her."

One representative each is sent from Alpha Iota Upsilon, the Junior class the Senior class, Alpha Theta Chi, plus the respective presidents of the Senior and Junior classes. Trailblazers

The Vincennes University "Trailblazers" had a very prosperous season on the hardwood court this year, beating some of the best and most seasoned teams the Industrial League has ever produced. Even their College games were much improved over the last years squad. Wyant Baker, coach of the "Blazers" has done a fine job in tutoring them to several victories. There are only 10 boys on the team but previous high school experience have made them a well balanced team for V. U. Here are the players:

Bob Hollingsworth, Paul East, Bruce Bailey, Bud Gulley all from Vincennes, Jim Tate, Bob Clark, Ross Cook, from Fritchton, Bill Arthur from Bicknell, Raymond Claxton from Bruceville, and Byron Poindexter from Sandborn.

Thanksgiving Hop Tonight

Plans have been made for Thanksgiving Dance to be held Wednesday night, Nov. 21 from 8 to 11 at the Fortnightly Club House. This dance is not a scheduled event. It is being sponsored by the Re-Voo and backed by the Student Council. All proceeds will go to the yearbook. Brrr—!! It's that time of the year. Winter certainly isn't until the official first of December. Everywhere on campus the gals and guys hurry to get out of the line. No more of that line dancing. Ah, winter! Just a deep breath, ah—
